Chemistry and its Diversity

Date: 21/09/2022

Time: 11:30 AM -2:30 PM

Officer-in-charge
Govt. General Degree College
Kharagpur-II, Madhur
Paschim Medinipur-721149

Objectives of the seminar:

Chemistry is often described as the central science because it connects and overlaps with many other scientific disciplines, such as physics, biology, environmental science, and engineering. Its diversity can be seen in several key areas. The main aim of the seminar is to encourage the students to participate in the discussion of the interesting modern topic that are applied in day to day life. They will present several topics related to Applied Chemistry. These will help them to improve proficiency in verbal communication, acquisition of knowledge in a particular field and growth in networking. Moreover, they are motivated and found different environment than classroom. Discussing about the relevant topics of the particular subject, students tend to learn about the latest information and new skills related to the concerned subject.
