#### Under CBCS System (w.e.f 2018-2019)

#### Course Outcome:

There are total six Semester in the 3-Year B.A Philosophy General Programme under CBCS system. Its consists of four Core Courses, four Skill Enhancement Courses, two Discipline Specific Elective Courses and two Interdisciplinary Generic Elective Courses. The Outcome of these courses are as follow:

COURSE CODE	COURSE TITLE	COURSE OUTCOME
DSC -1A (CC-1)	Indian Philosophy	Students can learn the basic features of Indian Philosophical schools from this course. Both the Astika and Nastika schools of Indian Philosophy like Carvaka, Jaina, Budhdha, Nyaya, Sankhya, Yoga, Mimansa and Advaita Vedanta are included in the syllabus. The students are enriched with the vast knowledge of our traditional philosophical schools.
DSC -1B (CC-2)	Western Philosophy	This course gives basic visions of western thoughts. It exposes the students to metaphysics and it's elimination, realism, idealism. The dispute among various philosophers regarding causality, substance, mind-body relation are taught here, giving the students a holistic view of western philosophy.
DSC-1C (CC-3)	Logic	This paper starts from the fundamental concepts like nature and scope of logic, inference and argument. The main pillars of traditional logic like opposite of propositions, immediate inference, inductive argument, analogical reasoning help the students to develop a critical and rational thought process.
SEC-1	Philosophy of Human Rights	This course has practical implication as it teaches the idea of the various rights a person can exercise. The knowledge of the Preamble, and Constitution are very much needed by the students to have all round development of personality and responsible citizen.
DSC-1D (CC-4)	Contemporary Indian Philosophy	This course contains a detailed idea of the works of R. N Tagore, Swami Vivekananda, Sri Aurobindo, Radhakrishnan, Md Iqbal and Gandhi. The study of the philosophy of these great thinkers enlighten the students to develop their dormant capacities and make them a better person.

SEC-2	Man and Environment	This course helps the students to develop the reverence for nature. It contains topics like classical Indian attitude to environment with reference to Upanishad and Tagore. This paper teaches the students to our intrinsic value. Eco -feminism and deep ecology and it's third world critique, make the reader aware of today's environmental pollution.
DSE -1	Philosophy of Religion	Students can learn the prejudices free approach of religion from this course. Basic tenets of major religion like Bhuddhism, Hinduism, Christianity, Sankhya ,Yoga, Nyaya are discussed in details. The arguments for the existence and non-exsistence ofGod makes the mind of the students critical and prejudice free. Monotheism, polytheism, mysticism, henotheism are also discussed in this course.
GE-1	Indian Philosophy	Indian philosophy course teaches the students about the different aspects of Nastika and Astika schools of Indian Philosophy, their metaphysics, epistemology and ethics. A systematic approach of the various Indian philosophical schools like Carvaka, Jaina, Buddha, Nyaya, Vaisesiksa, Sankhya Yoga, Mimansa and Advita Vedanta shows our rich culture and heritage.
SEC-3	Philosophy in Practice	This course is helpful for the students for their pragmatic actions towards life in general. It teaches ontological worldview of Plato, Kant, Sankhya, Vedanta philosophy and Indian methodology. Topics like chala, jati, vada, jalpa and the like are discussed in details for giving a vivid knowledge of philosophy in practice.
DSE -2	Tarkasamgraha with Dipika	Students can understand the Nyaya Vaisesiksa view of inference. It mainly deals with the epistemology and types of anumana and hetvabhasa. This course teaches the learners to exercise thought process in a more systematic way.
GE-2	Psychology and Philosophy of Mind	The students learn the scope and application of different methods to understand the philosophy of mind. It deals with the nature of mind. It covers all philosophical topics pertaining to the mind and mental states. Topics like memory, learning, attention, unconsciousness and the like are taught in this interesting course.
SEC -4	Logical Reasoning and Application	This course is helpful to understand student's inner cognitions and inner cognitive stages. Logical reasoning, nyaya structure of inference, Nyaya types of anumana, hetvabhasa , fallacy of ambiguity are discussed here to develop the cognitive aptitude of the students.
