Department of Zoology

A study tour to Sundarbans Biosphere Reserve

Brief Description: Not everything can be taught within the classroom. Thus, field trips provide perfect opportunity for students to supplement their knowledge acquired in the class. Realising this, we along with the students, laden with luggage & appetite for knowledge set out for the learning expeditions to Sundarbans Biosphere Reserve, West Bengal (UNESCO World Heritage site).

Students studied the 'mangrove ecosystem & its diversity.' Students collected primary data. They got the chance to witness how conservation of animals is carried out. They learned about the fragility of this mangroves area & how restoration of mangroves is crucial for the environment. The tour was full of new adventures & experiences. Students were delighted to be part of this tour as they returned with priceless knowledge about nature.

It is said that it's the journey that counts, not the destination. The same was true for this tour also. With pleasures, pains & aches the aim of the expedition was fulfilled: gathering of experiences.

Memo No. M-418

Dated: 24-02-20.

To,
The Officer-in Charge
Govt. General Degree College
Kharagpur II, Paschim Medinipur

Sub: Requesting permission for conducting a study tour for Zoology students to the Sundarbans Biosphere Reserve

Respected Sir,

This is to bring to your kind notice that a study tour is being planned by the Department of Zoology to the Sundarbans Biosphere Reserve for all Zoology students. Field visits and field exposures always benefit students in their study course and also supplement the theoretical knowledge acquired through classroom teaching. Keeping this in mind an initiative has been taken to organize an educational tour to aid students in their curriculum. The tour is of 3 days and 2 nights, from 29.02.2020-02.03.2020. I would also like to inform you that due to late arrival, as per the tour itinerary at Howrah station on the date of return from Sundarbans, an overnight accommodation in Kolkata is being thought of as an alternative arrangement, considering the insecurities related to travelling back to college at those hours of night on 02.03.2020. Consequently, students will be returning to college on the very next day i.e on 03.03.2020.

I have also requested Prof. Sourav das, who happens to be the esteemed faculty members of Zoology Department for assisting us on the tour and also to provide their valuable insights to the students. I would like to state here that both of them have shown their willingness to join us on this tour.

Kindly grant us the permission to conduct this trip as scheduled between 29.02.2020-03.03.2020

Thanking you and looking forward for your most favorable response.

Sincerely,

24-02-2020

[Arpita Chakraborty]
